

CSU-BIPT Study Abroad in China

May 20 – June 4, 2013
Application Deadline: February 1

Cost: \$3342 (excluding tuition)

China is emerging as a leader in number of computing technologies including computer and social media games, mobile apps, anime & manga, robotics, and communications. Participating students will experience first-hand China's contributions to technology by active immersion in the culture & society of China.
