Studying Wireless  
Networking

Cost  
2,895

Enroll in  
CPSC 5555 OR ITDS 5555

May 17-27, 2008

Europe is at the forefront of wireless and mobile computing. Students have the opportunity to experience first-hand the myriad applications of wireless technology by active immersion visiting sites in Düsseldorf, Cologne, and Bonn, Germany and Maastricht and Eindhoven, Netherlands.

Observe how wireless technology is being employed in diverse applications such as medical, industrial, aviation and hospitality businesses.
